

DONATED GOODS center

The Volunteer Center's Donated Goods Center showcases community recycling at its best! This innovative effort benefits both the corporate and nonprofit sectors by matching new, surplus and gently used items donated by area companies with nonprofit agencies in need. The program leverages donations effectively by providing distribution to a broad array of causes, and helps those nonprofit organizations stretch their limited budgets! Get involved with the Donated Goods Center, whether through your corporation becoming a donor or a non-profit Partner Member benefiting from these donations. We even offer great volunteer opportunities for individuals and small teams.

- **Over \$6 million in distributions per year**
- **500-Plus Donated Goods Center nonprofit members**
- **Donated Goods Center is the primary recipient of surplus donated by JC Penney Company, Inc., and hundreds of other donors**

How It Works for Partner Agencies:

- No appointment necessary, Partner Members are welcome at any time when open for business
- Visit www.vcnt.org to review our **inventory page** to check stock
- Call 214-826-6767, ext. 261 to verify stock
- Receive a monthly communication with important shopping information. To be added to this list, send an email to donatedgoods@vcnt.org

How It Works for Donors:

- Call to schedule a pick-up of your donated items. Our policy states that we only pick-up from corporations and businesses, but please call to verify additional questions or concerns
- We will provide receipts for donations
- Wish list items: personal care items, personal home decor, office furniture, household furniture and children's clothing

Cost:

- Nonprofit and tax-supported agencies including schools, government programs, etc., pay an annual partnership fee of \$150 to have access to the donated items
- Only a small fee is assessed on the items selected to cover the program's administrative costs
